Проект Fischereihafenrennen
Место Bremerhaven
Страна Германия

Год установки 2017

Клиент German Road Racing GmbH
Проектировщик NORDBETON GmbH

Ситуация The [Great German Road Race](#) is one of the best known city races for bikes in Germany - similar to the Isle of Man TT race. The temporary race course was protected mainly with straw balls in order to secure the spectators around the circuit.

For the upgrade of this city race track NORDBETON GmbH was contacted. They consulted the organizer and proposed safety improvements along the circuit.

Описание Geobrudd AG worked in close cooperation with NORDBETON GmbH and delivered the Geobrudd debris fence panels for the mobile FIA debris fence.

Высота системы 3.5m
