

ROAD GRABOVNICA-GRDELICA,

Road Grabovnica-Grdelica

/	Road Grabovnica-Grdelica Grdelica
	2015
	Koridori Srbije Terna Serbia Monterra Rijeka, Croatia
	Between Grabovnica and Grdelica the local road and the highway E-75 which leads underneath were endangered by rock falls.
	Geobruigg calculated, designed and installed RXE-500 and RXE-1000 barriers and acted as a general contractor. The local population especially estimates the installations as they protect children on their way to school.
Road	
GEOBRUGG SUPERCOATING	
500 kJ, 1000 kJ	
2.0 m, 3.0 m	
105 m - 230 m
